RIVETS Response: At the onset of each state fiscal year, the Rhode Island Governor and General Assembly allocate general revenue funding to support the Veterans Service Grant program at the Rhode Island Office of Veterans Services (RIVETS). In FY26 budget, RIVETS is able to award a total of \$200,000 annually to various providers addressing needs in the Veteran community. The FY25 awards ranged from \$1,500 to \$50,000, and were based upon project scope, service delivery, Veterans and family members impacted, etc. The total number of applicants awarded may change year to year.
