

Local Veteran or Active Duty Military Volunteers Needed

HopeHealth is looking for volunteers who want to make a lasting difference in the lives of veterans with serious illness and their families.

Your help makes our work possible.

There are a wide range of veteran volunteer opportunities available to match your specialized expertise, unique talents and interest in caring for others. Opportunities include: providing emotional support and companionship, respite care to caregivers, visits for socialization, assistance in replacing lost medals, reminiscing and telling life stories. All volunteers participate in a comprehensive training program.
